

ACCESSIBILITY PLAN

2018 – 2020

Plan	To Be Completed By
Two disabled parking bays to be allocated in parking area	December 2019
Refurbish reception area and include access to disabled toilets and a lower reception hatch for disabled access	December 2019
Refurbish dining area and include access to hall via wider doors to a ramp (which is already in situ) so that access from this area to food technology, art and lower floor classrooms can be gained. Note: Time table could be amended to accommodate learners who require easy access to the building.	2019
Refurbish remainder of the school. This will be done slowly and in a planned way to cause little or no disruption to learning.	December 2019
Facilities for use of wireless microphones used by hearing impaired people will be sourced and costings acquired.	December 2019
Review outdoor areas to ensure they are maintained and meet health and safety requirements	December 2018
